50th Plus Classes at Commencement

Those classes having their 50 or older reunions were invited to return to campus and celebrate their reunion by joining with the Seniors in Commencement Weekend.

Alumni from the classes of 1933, 1940, 1941, 1942 and 1943, representing the 60th, 53rd, 52nd, 51st and 50th reunions attended the Baccalaureate Service. Following the service they were invited to a dinner at Curtis Creek Country Club hosted by your Alumni Association. Father Charles Banet, who was a Seminarian while they were students, delivered the blessing and reminisced with them. President-elect Shannon welcomed the alums back and urged them to share more memories with today's students and return home with even more SJC spirit. On Sunday, following Brunch with students and parents, they changed into cap and gown and joined the procession to the Alumni Fieldhouse for Commencement. Those attending were awarded a Degree of Recognition of their being graduates of SJC. 1943 was a World War II year and for several attending the 1993 ceremony it was their first Commencement. As one member of the Class of 1943 stated, "I finished my last final on a Thursday and the next day was inducted into the army in Chicago. It was a most memorable and enjoyable experience."

Chicago

The 1993 Chicago Alumni Golf Outing was very successful with 84 golfers and 92 for a fabulous cocktail party and dinner. This year's event saw a first-ever "hole-in-one" by one of our guests, John Carroll. John's hole-in-one was on one closest to the pin hole. According to John, "the ball bounced once and rolled in." The day started with our first group teeing off in the rain followed shortly thereafter by a day full of fun in the sun. Many thanks to all of those who participated in the event. Next year's event will again be held at the Poplar Creek Country Club in Hoffman Estates, Ill., on June 24. This will be the third year in a row there and our event format will be changed to a four-man scramble format. So mark your calendars now for next year's event. Remember if we can get 120 golfers, we can own the golf course for a shot-gun start.

Players from SJC were

Karen Donnelly, associate professor of computer science; Gerry Potacki '83, assistant football coach; Jerry Haberkorn, assistant basketball coach and Cyndi Gutwein, women's golf coach. Attending the dinner were Brian Kesse, director of admissions, Cebie Smith, alumni director and Chris Primeau, administrative assistant for alumni and development.

Others attending the outing were: Charles Ploszek '47, James Buckley '48, John Donnelly '55, Bill Gillen '55, Joe Gurgone '59, Joseph Matlon '59, John Murray '59, Richard Winans '59, John J. Gifts With Special Meaning

Often, families prefer, instead of flowers, to establish a memorial in the name of a deceased family member or friend.

Such memorial gifts should be sent to Saint Joseph's College, Box 870, Rensselaer, IN 47978. The donor will be acknowledged and the family notified.

If the memorial is substantial, the family may wish to consult with a college official in the office of Development as to the best use of the money to befit a lasting memorial.

Gifts may also be made in honor of someone or to celebrate an occasion. A birthday present, for example, for one who has everything might be a named gift of \$50 to the library to purchase books.

Capital Campaign Update

INTRODUCTION

Saint Joseph's College is now nearly two years into its \$22 million Centennial Capital Campaign, by far the largest in the school's history.

To date, according to Campaign Chairman Phil Wilhelm, more than \$18 million has been raised from generous donations of trustees, select alumni and friends of the College.

Although the goal of the campaign is now within sight, efforts to reach that goal must continue to be put forth at the 100% level, says Jim Valentine, Vice President for Development at Saint Joseph's.

The donors featured here are but a few of the many that have already helped in some way in the current campaign.

STATEMENT BY DR. ALBERT J. SHANNON, PRESIDENT OF SAINT JOSEPH'S COLLEGE

Your College is in great shape! Father Banet and I have made a smooth transition in the President's Office; his final formal act as President was to offer me his personal blessing as your fifteenth President. I humbly accept all of the challenges that the position brings; please keep us all in your continued prayers.

Alumni support continues to be the lifeblood of Saint Joseph's College. Several of you have given of your time, ideas, energy, resources and goodwill over the past decades. I plan on having that continued support throughout my tenure as President - once a Puma...always a Puma. I view my position as both *leader* and *server* to the community; without your past support we could not have excelled as we did in our first century of existence. I will continue that successful track record and serve as your leader...only as long as your dedication to SJC survives. Your prayers have been as important as your material resources.

Saint Joseph's College will remain a *small, Catholic, liberal arts, residential, undergraduate institution for men and women* under my guard as President. I promise allegiance to the central mission of the institution - the provision of an education that has a liberating influence on students based on the value-oriented Core program. Our mission, which provides an educational experience in the framework of spiritual, moral and ethical principles reinforcing the pursuit of truth, is intact and healthy. The academic core of the institution has never been stronger. While we will stay a small college, I know that we currently have the capacity to serve an additional 150-200 students. I can easily foresee a total of 1200 undergraduates in the College over the next several years.

Support of the educational mission of Saint Joseph's in all of its forms - academic, spiritual, athletic, social and moral - is the particular challenge that I accepted upon my election as President. I will call on every College constituency to support me in that effort with all possible means. Financial stewardship of the institution is one of the ways in which alumnae and alumni are able to continue their support of Saint Joseph's. I promise, however, not to greet you on every occasion with my hand reaching for your wallet! We both know that the majority of Pumas who have left Saint Joseph's are as generous as their means will allow. I know that you will continue that support.

I am proud of the progress of our Capital Campaign - soon to complete its second year. The Board of Trustees, as you may know by now, has been so pleased with the progress of the financial support for the new academic core building, that they have announced that the new academic structure will be named to honor Father Charles Banet - our President Emeritus. I plan to build that building in his honor with your continued support. We will keep you posted on our schedule, deadlines and groundbreaking plans. In the interim, your continued support is needed and appreciated.

Finally, I ask for your ongoing support of the College endowment and our annual fund raising efforts. The earnings from these investments allow us to provide academic and need-based scholarships for current and future Pumas. As operating costs continue to rise - so does our commitment to provide an affordable education. US NEWS AND WORLD REPORT has recently listed Saint Joseph's as one of the top five Catholic Colleges in its listing of midwestern liberal arts colleges. We can only achieve this type of recognition with your continued support.

Thanks to you in advance for your support and goodwill toward Saint Joseph's. Each of you remains in my prayers. Please stop by when you are near Rensselaer - we'll keep the light on for you!

STATEMENT BY FATHER CHARLES BANET, C.PP.S., PRESIDENT EMERITUS, SAINT JOSEPH'S COLLEGE

As we enter the third year of this ambitious undertaking, and I enter the first year of my retirement, it's important to keep in mind the overall goals and objectives of the campaign, and to continue to strive with all our efforts to meet those goals.

As I look back on more than fifty years of association with Saint Joseph's College, I find myself in a qualified position to judge the merits of the College.

Saint Joseph's is a school that cares and has always had a great, positive influence on its students. Many of the alumni I meet at gatherings across this nation of ours tell me their Saint Joseph's experience was one of the most meaningful and important events in their lives.

Saint Joseph's is now well into its second century, and the College's commitment to its mission as stated by Father Augustine Seifert in his inaugural address as first president in 1891 has stood the test of time.

The College still brings out the best in its students, instills them with a good work ethic, sterling values, obedience to authority and allegiance to the Church.

For proof, one need look no further than the long list of leaders that Saint Joseph's can call its own. This list is all out of proportion to the total number of graduates from Saint Joseph's.

We will continue to rely on the efforts of these leaders, and goodwill of our friends, to make this a successful campaign.

A member of the College's Board of Trustees, Kohnen has long been active in Catholic philanthropic circles.

Although Tony is not a graduate of Saint Joseph's, having earned his degree from the University of Dayton, his deep appreciation for the College's sense of Christian virtues and abiding belief in the mission of the College in today's society has lead to his continued involvement with Saint Joseph's College.

"I have a strong feeling for the quality of students produced by Saint Joseph's College," says Tony. "My commitment to Catholic charities and higher education make Saint Joseph's College an easy choice for me."

Tony Kohnen

William Herber

The level of giving by Bill and Kathleen Herber is currently at \$120,000 and growing.

A 1941 graduate of Saint Joseph's College, Bill has been described as the quintessential Saint Joseph's College alumnus - unpretentious and friendly, traits that belie his success and achievements.

"Leave something for others" has been a credo that sums up the life and philosophy of Bill and Kathleen. To that end, the Herbers have established a named scholarship fund to enable future generations of young people to attend Saint Joseph's College.

Of the scholarship Kathleen, a retired teacher, says, "The necessity of a good education is obvious today. However, it's also just as obvious that some students need financial help to get that education."

"Saint Joseph's College continues to do an outstanding job in preparing young people to be active, participatory members of this nation's work force," says Bill. "Because of that, I'm committed to the College and its future success."

Class Notes

The 1940s

Hubert J. Miller '47, will be retiring at the end of the fall semester (1993). Retirement plans include part-time teaching, research, travel and consultantship work. He resides in Edinburg, Texas.

The 1950s

Richard Doherty '54, coach of the College Bowl team of Rend Lake College, Ina, Ill., reports they won the first-ever Academic Olympics in Illinois. It was sponsored by the Illinois Community College Trustees Association. Since March, 1992, they have defeated four-year schools like Ball State and Valparaiso. "The Cubs honored us for winning the state championship on April 24 at Wrigley," Richard said. "I saw Bob O'Connor '53 for the first time since he was a senior. After 40 years neither of us recognized the other (we had a mutual friend)." Richard also reports that his brother Larry '55, has moved from California to their hometown of Ottawa, Ill.

Terry Bergin '59, of Shorewood, Ill., ran his first race two weeks before turning 50 and in April ran in the Boston Marathon. Last October when he got his results from the Old-Style Chicago Marathon, he learned he had run the 26.2 mile course in 3:35.01. Terry's heart sank because the qualifying time for the Boston Marathon in his age group was 3 hours, 35 minutes. One second too long! When he finally reached the Boston Marathon officials he learned that qualifying standards include a 59-second tolerance. Of course, Terry was elated!

Bruce Fech '59, Chairman

of the Department of Education and Formation of the Diocese of Lansing, Mich., is traveling in Slovakia this summer visiting as many Catholic schools as possible before summer vacation begins on July 1. He will be consulting with the Slovak Bishops Conference on a number of issues concerning the problems being faced by the reopened or formed schools since the fall of communism in 1989.

The 1960s

John J. Pikarski, Jr. '64, recently accompanied the Vice President on a Delegation to Warsaw representing the President at the 50th Anniversary Memorial of the Warsaw Ghetto Uprising. John was also appointed to the Board of Ethics of Cook County by County Board Chairman, Richard Phelan, and then elected Chairman of the Cook County Board of Ethics. John and wife, Sandra, live in Chicago.

Samuel H. Rankin, Jr. '64, became the president of Chadron State College, Chadron, Neb., Sept. 1, 1986.
